|---------------------|----|--------------------------------|
| a. Customer Charge: | \$ | 65.00 per month |
| b. Energy Charge: | \$ | 0.073090 per kWh |
| c. Demand Charge: | \$ | 13.00 per kW of billing demand |

DETERMINATION OF BILLING DEMAND. The billing demand shall be the maximum kilowatt demand established by the Consumer for any fifteen (15) consecutive minute period during the period for which the bill is rendered, as indicated, or recorded by a demand meter and adjusted for power factor. The billing demand shall not be less than seventy percent (70%) of the highest demand indicated for the preceding months of June, July, August, and September.

POWER FACTOR. Members receiving service at 500 kW of demand or greater in any billing period agree to maintain unity power factor as nearly as practicable. The horsepower for billing purposes may be adjusted to correct for average power factors of less than eighty percent (80%). Such adjustments will be made by increasing the horsepower one percent (1%) for each one percent (1%) by which the average power factor is less than eighty percent (80%) lagging.

MINIMUM MONTHLY BILL. The minimum monthly bill shall be the highest of:

- a. The demand charge but not less than three-hundred and twenty-five dollars (\$325.00).
- b. A transformer capacity fee of one dollar (\$1.25) per kVa of actual, required transformer capacity.
- c. Any applicable billing adjustments (such as ECA, etc.) or payment plans; and
- d. Any applicable taxes, franchise, regulatory assessment, service fees, etc.

PRIMARY METERING. When service is furnished at primary voltage, a discount of two percent (2.0%) shall apply to the monthly demand and energy charges as set forth in this schedule. However, this discount does not supersede the Minimum Monthly Bill as stated herein.

TERMS AND CONDITIONS. Service is provided in accordance with the Rules and Regulations of the Cooperative as they currently exist or may be amended from time to time.
